

Light-Up Glasses - Rainbow

Make Light-Up Glasses with a rainbow for spring, or add shamrocks for St. Patrick's Day. Just add two LEDs, a CR2032 battery, and some Maker Tape.

Written By: Natasha Dzurny

INTRODUCTION

Make Light-Up Glasses with a rainbow for spring, or add shamrocks for St. Patrick's Day. Just add two LEDs, a CR2032 battery, and some Maker Tape.

You can make this project (and many more!) with our **Paper Circuits Kit**.

TOOLS:

- [Printer](#) (1)
- [Scissors](#) (1)
- [X-ACTO Knife](#) (1)
- [Push Pin](#) (1)
- [Glue Stick](#) (1)
- [Paint Brush](#) (1)
- [Markers, Crayons, or Colored Pencils](#) (1)

PARTS:

- [Paper Circuits Kit](#) (1)
- [Cardboard](#) (1)
- [Glitter Mod Podge](#) (1)
- [Colored Acetate](#) (1)
- *Optional, for lenses*

Step 1 — Print the Template & Follow Along

- Print the template above.
- To complete the circuit, follow the instructions on the template and in the main [Light-Up Glasses Guide](#).

Step 2 — Color the Template

- Color the template.
- If desired, paint the frames green.

Step 3 — Cut & Sparkle

- Cut out the embellishments.
- We added glitter mod podge on top to add some flair!

Step 4 — Celebrate!

- Follow the template instructions in the main [Light-Up Glasses Guide](#) to complete the circuit.
- Celebrate and wear your light-up glasses!
