Step 1 — Alien Eyes Halloween Headband

- Gather supplies.

- You will also need: Scotch Tape.

Step 2

- Cut the styrofoam ball in half using your craft knife.

Step 3

- Use a dowel or another type of round stick (like a pencil) to make a hole in the center of each eye.
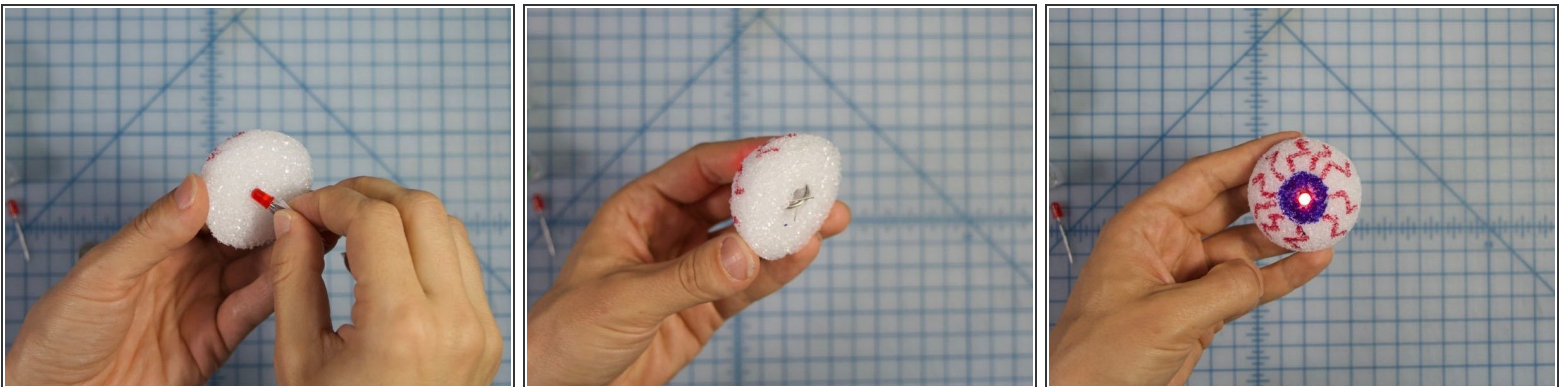

Step 4

- Use markers to decorate your eyes.
  - Tip: When drawing on styrofoam- instead of dragging the marker tip across the foam, its easier to press the tip of the marker into the foam like you are making a series of dots.
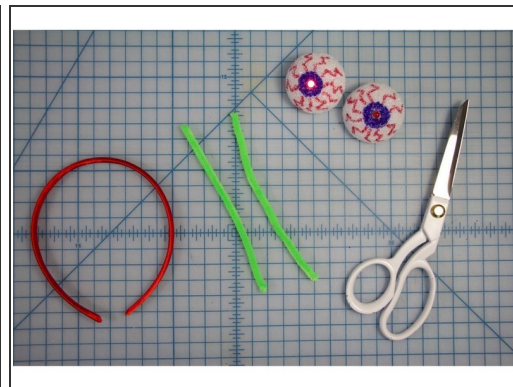

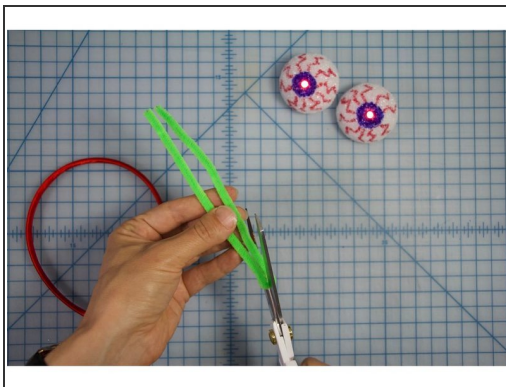

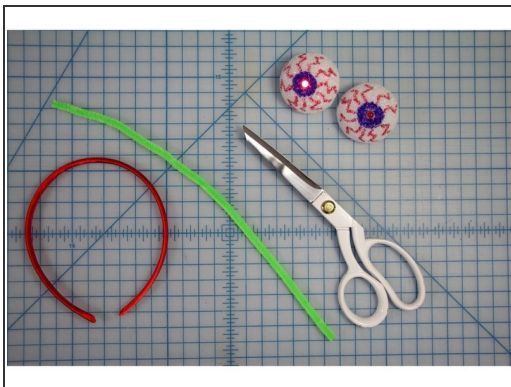

Step 5

- Take out your two red flashing LEDs, two batteries, and some tape.

- Place the battery between the legs of the LED, aligning the positive (longer) leg with the positive side of the battery and the negative (shorter) leg with the negative side.

- Make sure the battery is pushed up against the red cap of the led, and tape the battery and legs together securely.
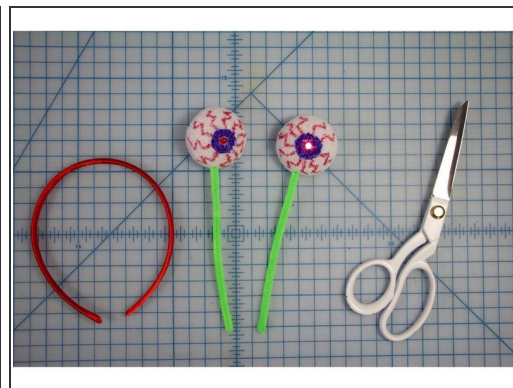

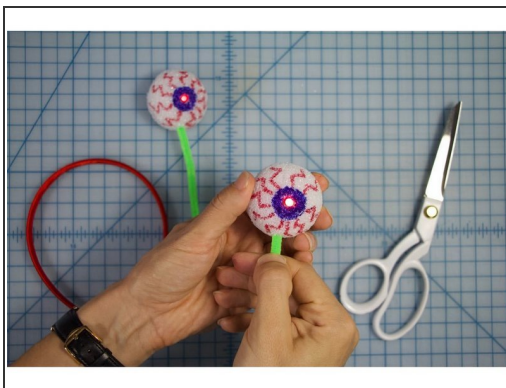

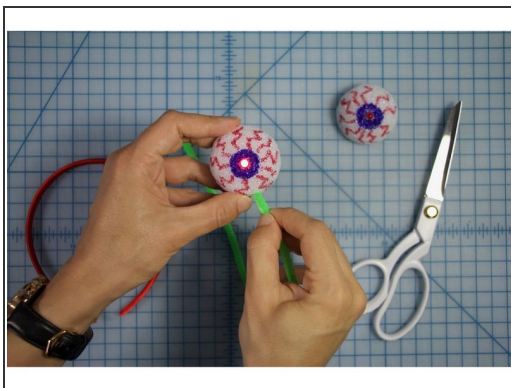

Step 6

- Press the LED through the styrofoam eye where you made the hole before.

- The battery can be pressed in so that it makes an imprint in the styrofoam as well.

Step 7

- Choose a pipe cleaner to be the sticks of the eyes.

- Fold it in half, then cut it into two equal pieces.

Step 8

- Insert the ends of the pipe cleaners into each of the styrofoam balls.

Step 9

- Twist the other ends of the pipe cleaners around the headband.

Step 10

- Choose another pipe cleaner to be the eyelashes.

- Cut the pipe cleaner into 10 small pieces.

Step 11

- Press each pipe cleaner piece into the eyes in a fan pattern.

- You're ready to become a blinky alien!
